

**Analysis Form**

**Programme: MSc OT**

**Set of data: 1<sup>st</sup>**

Data PIN	Interpretation Code (Researcher 1-black, Researcher 2-Red and Researcher 3-green)	Agreed interpretation	Was our interpretation in the students narrative?  <b>All</b> details included in student's interpretation  <b>Most</b> details included in student's interpretation  <b>No</b> details included in student's interpretation	Was there extra in the student interpretation  2-Two key details missing 1-One key detail missing M-Minor details missing 0-No details missing	Additional comments/thoughts
MOT01	<p><b>Female in green trousers-time in practice</b>  <b>Book-time studying</b>  <b>Light bulb-understanding/enlightenment</b>                      Clear vision of their completion of the programme. The figure is smiling.                      A student describing a light bulb moment expecting to be enlightened by their bookwork/academic study.</p>	<p>Figure is smiling picture in green trousers                      Study suggestive that this will lead to a lightbulb moment and learning.</p>	<p>Most</p>	<p>1M 1Key                      Excitement about placements                      Business idea</p>	

MOT03	<p>Lots of work, desk filled with books, journals and computer  Expectation that they will be happy (thumbs up, smiling person)  Student meeting people (OTs and a nurse) I am assuming larger figure is student  Rainbow and pot of gold-not sure what this means...making fortune? Earning money? Is it being on the course that is the jackpot? Seems positive  All faces drawn are smiling, suggesting this person is happy and can see themselves completing the programme.  4 small images showing a computer desk piled high, as smiling student giving thumbs up, meeting new people and a pot of gold at the end of the rainbow.  Generally positive.</p>	<p>Positive, rainbow leading to a pot of gold suggesting completing programme.  Student with a thumbs up expecting to enjoy programme.  Lots of work on desk.  Meeting people  Positive overall.</p>	<p>Most  Pot of gold</p>	<p>M  Self-directed work and wealth of knowledge</p>	<p>Assumption that larger figure is student  Rainbow and pot of money difficult to analyse</p>
MOT05	<p>Umbrella with many arrows up to it. I assume the umbrella will cover lots of things  This appears to be an umbrella suggesting that they will cover everything by the</p>	<p>This appears to be an umbrella suggesting that they will cover everything by the end of the programme perhaps</p>	<p>All</p>	<p>0</p>	<p>Limited analysis possible</p>

	<p>end of the programme perhaps?</p> <p>A large umbrella with everything collected underneath.</p> <p>Not sure what this illustrates.</p>				
MOT06	<p>Thinking and work seems to be represented in the picture on the top left and is combined with an &amp; (I think) to people talking under a cross. I took this to relate to practice placement.</p> <p>There appeared to be an expectation of work in groups, not clear if this was at University of placement or both.</p> <p>These lead to graduation and health and well-being. Again with a group of people, maybe this is the cohort as they are part of the process and still there at the end</p> <p>This person is able to see the link between academic and clinical placement which will lead them to completing the programme.</p> <p>This image uses an equation of studying and thinking, plus friends/student group, plus sitting and meeting one to</p>	<p>Suggestive of working in groups, expecting to complete the programme.</p> <p>Academic plus clinical placement equals completion of the programme.</p> <p>Arrow could suggest progress</p>	All	<p>M</p> <p>Own research/work</p> <p>Support from tutors.</p> <p>Peer and university support</p> <p>Ups and downs</p> <p>Supporting other in role</p> <p>[Field note: Questioned if 1 for the support]</p>	<p>Difficult to establish what the groups of people mean. I think most likely the cohort as they are part of process and at graduation, but could be those around the student eg family and friends, or other groups??</p>

	<p>one all leading to graduation and again being part of a group.</p> <p>There is an arrow to indicate forward progress but with ups and downs.</p>				
MOT07	<p>1. Work at a computer, I take this to be academic work, not sure what squares on right of this image relates to.</p> <p>2. Appears to relate to practice placement. I took this to be two staff members and a patient with food and drink on bedside table.</p> <p>3. Sitting around a table at University in a lecture style situation, reflects Brook Building teaching rooms. I see image representing tutor talking about objectives.</p> <p>The numbering of the picture suggest that this person is aware of the academic aspect of the programme and also the clinical placement requirements. They appear to be able to see themselves achieving their objectives.</p> <p>Three distinct pictures boxed off/separated of student at a computer, working on placement with patients and</p>	<p>Clinical placement, university and work is represented. Boxes could suggest compartmentalisation.</p>	All	<p>M-generally more detail for all three sections</p> <p>Backing up work with evidence and literature</p> <p>Time in independent learning</p> <p>Turning up on placement with thoughts, expectations, hopes and anxieties (exciting, but unpredictable experience)</p>	

	<p>then back in the academic environment being given a list of objectives.</p> <p>No facial expressions to indicate how they feel at these points.</p>				
MOT11	<p>Student in the middle, thinking about different aspects</p> <p>Academic work</p> <p>Placement (in uniform)</p> <p>Social aspect-maybe a group of friends??</p> <p>Graduating-wearing a cap, having a tape measure and colouring pens (maybe sees these are tools of the trade?)</p> <p>Happy face in top right hand corner? Not sure it's a happy face, but all other images look happy</p> <p>The stick figure in the centre of the picture is smiling. The smaller images suggest an understanding of the programme requirements. One image does appear to show a face that appears startled, could suggest that this person is worried about what lies ahead but can see themselves completing the programme.</p>	<p>Placement, university, friends and academic work represented.</p> <p>Positive overall.</p>	All	<p>M</p> <p>Learning, books/texts and lectures</p> <p>Variety of placement</p> <p>Small cohort so hopefully close group</p> <p>Fun!</p> <p>Tools needed to become confident and amazing OT</p>	

	<p>Images of a smiling student thinking about studying, wearing the OT uniform, being part of a group, ???shouting, but finally graduating. Appears confident and happy at the prospect.</p>				
MOT13	<p><b>Group moving through the course</b> A smaller group of smiling stick figures holding hands becomes a larger group of smiling stick figures holding hands, suggestive that this person sees the programme as a positive experience during which they will make friends. Indicates a small group of 4 students moving towards a larger group all holding handsto?support each other on this journey.</p>	<p>A smaller group of smiling stick figures holding hands becomes a larger group of smiling stick figures holding hands, suggestive that this person sees the programme as a positive experience during which they will make friends.</p>	All	<p>1 Support from a growing network Also support from MDT</p>	<p>This could relate to any groups. Unclear of meaning, but as I am aware of conversations that took place between the students in those first few weeks I would guess that they were talking about getting through the course together</p>
MOT15	<p><b>Student on right hand side who will be studying- OT books</b> Not sure what other images mean. The person could link to practice placement. Is it a label, or registration card with OT on at the top of the page.</p>	<p>The stick figure on the right has no clothes and is taking in all the knowledge that they will need, and this person can see themselves reaching their goal of becoming an OT. This is shown in the clothed stick</p>	All	0	

	<p>I feel there is an expectation that they will become a qualified OT on the left hand side of image.</p> <p>Student image and qualified OT appear happy</p> <p>The stick figure on the right has no clothes and is taking in all the knowledge that they will need, and this person can see themselves reaching their goal of becoming an OT. This is shown in the clothed stick figure.</p> <p>Seems to move from right to left with the student having input of knowledge from several directions and being able to wear the uniform and practice what knowledge and skills they have taken in.</p> <p>Both images have smiling faces so confident and positive at this stage.</p>	<p>figure. Expectation of success and they are happy.</p>			
MOT17	<p>Clearly splits into academic and clinical using words.</p> <p>Academic component: Maybe expects to have many questions, will be getting to Uni for studies at 9am and that they will be working throughout the day, will need to sleep (?is this an</p>	<p>Clearly splits into academic and clinical</p> <p>Tiredness</p> <p>Work but does have questions</p> <p>Social element, appears happy.</p> <p>Expectation of being busy</p>	All	M Smiling to cover not knowing what is going on Needing a beer	

	<p>expectation that they will be tired?)</p> <p>Also a social element, but does seem to expect all around them to be happy, although they appear to think they will be smiling/happy</p> <p>Clinical: This also seems to indicate that they will be working throughout the day, but day appears to start later at 10am?</p> <p>They see clinical as at a hospital.</p> <p>They seem happy</p> <p>Also beer seems to indicate a need to relax after work?</p> <p>Page is divided with both academic and clinical placement drawn. They appear to suggest that they can see that the academic work will be tiring but their image is smiling. The clinical side also has their figure smiling and includes a bottle of beer. Suggestive of their expectation of stress during clinical placement or perhaps fun?</p> <p>The page is divided into two halves with the left half</p>				
--	--	--	--	--	--

	indicating study, some sleep and being a part of a group. The right hand side shows the clinical aspect of spending time at placement but with some time left for a beer.
